

M.R.F. Supervisor's Monthly Report September 5th, 2015

The month of August was a busy one, The things done by the M.R.F. crew include:

Accepting incoming trash and recyclables
Sorting the recyclables
Crushing glass
Baling recyclables
Sorting the scrap metals
Working on the electronics
Switching out the demo and solid waste boxes
Processing the paint and solvents
Recycling the propane cylinders and fire extinguishers
Working on the demo area
Hauling recyclables
Cleaning up the grounds
Working on the exchange
Cleaning the shop
Answering numerous phone calls
Plus our daily routine

Additional info:

1. I have read over the contract with AA-Roll Off. Everything looks fine to me. The M.R.F. has had excellent service with AA for the past 14 yrs. I fully expect the same type of service in the future. That being said, I would encourage the Board to agree to the new 5yr. Proposal.
2. My date for surgery has been confirmed. I will be in Saint Mary's on Oct. the 29th. The estimated down time is 3 months. It's not the vacation I had hoped for. I will have everything set at the M.R.F. for Carey when I leave.

Respectfully Submitted,

Ted Pallas Supervisor, M.R.F.
